CHILD CARE PROGRAMS DURING THE COVID-19 PANDEMIC

ALL

YES

The purpose of this tool is to assist directors and administrators in making (re)opening decisions regarding child care programs during the COVID-19 pandemic. It is important to check with state and local health officials and other partners to determine the most appropriate actions while adjusting to meet the unique needs and circumstances of the local community.

Should you consider opening?

- Will reopening be consistent with applicable state and local orders?
- ✓ Are you ready to protect children and employees at <u>higher</u> <u>risk</u> for severe illness?

ALL

YES

✓ Are you able to screen children and employees upon arrival for symptoms and history of exposure?

Are recommended health and safety actions in place?

- ✓ Promote <u>healthy hygiene</u> <u>practices</u> such as <u>hand</u> <u>washing</u> and <u>employees</u> <u>wearing a cloth face covering</u>, as feasible
- ✓ Intensify <u>cleaning</u>, <u>sanitization</u>, <u>disinfection</u>, and ventilation
- ✓ Encourage <u>social distancing</u> through increased spacing, small groups and limited mixing between groups, if feasible. For family child care, monitor distance between children not playing together and maintain distance between children during nap time
- √ Adjust activities and procedures to limit sharing of items such as toys, belongings, supplies, and equipment
- √ Train all employees on health and safety protocols

MEET SAFEGUARDS FIRST

Is ongoing monitoring in place?

- ✓ Develop and implement procedures to check for signs and symptoms of children and employees daily upon arrival, as feasible
- ✓ If feasible, implement enhanced screening for children and employees who have recently been present in areas of high transmission, including temperature checks and symptom monitoring

- Regularly communicate and monitor developments with local authorities, employees, and families regarding cases, exposures, and updates to policies and procedures.
- ✓ Monitor child and employee absences and have a pool of trained substitutes and flexible leave policies and practices. For family child care, if feasible, have a plan for a substitute caregiver if provider or a family member in the home gets sick
- ✓ Be ready to consult with the local health
 authorities if there are cases in the facility or an
 increase in cases in the local area
